

Rust Bullet Clear Shot Super Protective Single Component Clear Coating

Rust Bullet has formulated one of the strongest and clearest single component Clear Protective Coatings available. Rust Bullet Clear Shot is a revolutionary single component UV resistant clear coat urethane that won't crack, chip, yellow, or peel and dries to an incredibly hard water clear finish.

Clear Shot can help rejuvenate and restore faded or oxidized surfaces to like new condition. Clear Shot can be applied over painted or unpainted surfaces including wood and can be brushed sprayed or rolled on, is self-leveling and will not leave brush marks. A minimum of 2 to 3 coats is recommended.
